FLOOR DEBATE

March 10, 2003      LB 56, 157 228, 228A, 320, 357A, 418, 537  
597, 619, 688, 756

SENATOR CHAMBERS:      ...had the Legislature not enacted it, the NCAA would have said, and everybody would have believed them, the federal government cannot require us to comply with federal due process, so nobody can. But there is area where the state can act. And we've never had to invoke it, because the NCAA has not violated due process within the state because they changed. In this instance, I don't believe we would ever have to pay a stipend, not pursuant to this bill, but I believe the NCAA will see the writing on the wall, and change its rules, and allow more aid to the players. And it would then be done through the university, not a statute. But we need the statute to push them to change their rules.

SPEAKER BROMM: Thank you, Senator Chambers. Members, before we consider a motion, I'd like to remind you all, we did distribute a memo this morning intended to remind us that the deadline is this Friday for selecting priority bills. Actually, the Speaker priority bills deadline for you to request a consideration of a bill is Thursday at five o'clock. But then the senator priority bills is Friday.
